WORK EXPERIENCE

NAT2K15 Development / Freelancer

10/2020 - 09/2025

Full-stack Developer

- Developed and delivered 500+ custom projects, including FiveM Resources, Discord Bots, and full-stack solutions for NAT2K15 Development clients.
- Worked with over 4,000 clients, providing optimized, scalable, and bug-free code across multiple frameworks.
- Managed end to end development from scripting and UI integrations to testing and deployment with consistent client satisfaction.

Pepsico

08/2024 - 10/2024

Forklift Operator

- Operated forklifts to build, load, and unload pallets from scratch, ensuring accurate order fulfillment and correct quantities for each load.
- Collaborated with team members to meet tight deadlines and support seamless logistics operations.
- Consistently followed safety guidelines, contributing to a secure work environment and upholding PepsiCo's commitment to safety and quality.

Costco Wholesale

05/2023 - 09/2025

Food Service Worker

- Trained and guided new kitchen staff, ensuring their smooth transition into daily food court operations and maintaining high team performance.
- Delivered exceptional customer service, assisting hundreds of customers daily with a friendly and efficient approach.
- Maintained strict compliance with food safety standards by regularly checking and documenting food temperatures.

EDUCATION

Trent University | 2022-Present

Bachelor of Computer Science (Honours) Specializing in Software Engineering, Data Analytics & Theoretical Computer Science
